PROFFESIONAL SUMMARY

Motivated B.Sc. Medical Laboratory Technology Graduate seeking to apply clinical laboratory skills and quality control knowledge to support accurate diagnostics in a healthcare organization. Adept at performing laboratory procedures with a strong understanding of laboratory safety protocols and a keen attention to detail.

INTERNSHIP EXPERIENCE

APOLLO DIAGNOSTICS - KATPADI VELLORE

Intern (01.2024 – 01.2025)

- Completed 1 year internship program at Katpadi, Vellore.
- Experienced and Performed various procedures, Laboratory techniques in hematology, biochemistry, microbiology and immuno-serology.

BILLROTH HOSPITALS - SHENOY NAGAR

TRAINING (02.2025 – 07.2025)

- Completed 6 month training at Shenoy nagar.
 - Gained knowledge about blood bank and performed procedures like blood component preparation and storage.
-

EDUCATION HISTORY

SCHOOL OF ALLIED HEALTH SCIENCES (VMRF - DU)

(10.2020 – 10.2023)

- B.Sc Medical Laboratory technology
- CGPA – 8.06

DON BOSCO HIGHER SECONDARY SCHOOL

KATPADI, VELLORE

- HIGHER SECONDARY – 65.8%

SKILLS

PERFORMED TECHNIQUES:

- Complete blood count
- Peripheral blood smear
- Erythrocyte sedimentation rate
- Leishman staining
- Gram staining
- Acid fast staining
- Colony streaking
- Microscopic identification

LABORATORY

PERFORMED TECHNIQUES

- Blood grouping
- Compatibility testing
- Blood component preparation
- Blood component storage
- Donor preparation
- Venous blood collection

BLOOD

BANK

PROFESSIONAL DEVELOPMENT

- Participated in National conference on medical laboratory technology.
- Conducted blood grouping and blood collection camp at university.
- Participated in basic health and ECG camp at primary health centre – thiruporur.
