PROJECTS AND RESEARCH

- **AUDIT** – Conducted an audit to enhance the quality and consistency of lifestyle modification counselling provided to patients with Non communicable diseases such as hypertension, diabetes and obesity. The project involved comparing current practices against established guidelines and formulating actionable recommendations to enhance patient care. (March 2025)
- **WATER SANITATION SURVEY** – Checked water quality in hospital and hostels in Omandurar Government Medical College and measured chlorine levels in hospital facilities.
- **SANITATION SURVEY** of hospital grounds – checked for open drainages and mosquito breeding sites and suggested measures to resolve the issues.
- **DEMOGRAPHIC PROFILING** – Calculated the mortality, morbidity and fertility indicators of a town called Soranchery in Tamil Nadu, India
- **RISK PROFILING** – Did a Non-Communicable disease risk profiling of 100 individuals of a town called Soranchery. Survey was conducted using the beneficiaries of Soranchery Public Health Centre using various assessment tools
- **PROGRAMME EVALUATION** – Evaluated a national health programme called JANANI SHISHU SURAKSHA KARYAKRAM. The scheme is to benefit pregnant women who access Government health facilities for their delivery and to improve maternal and child healthcare and to alleviate out of pocket expenditure on healthcare. Evaluated the benefits, limitations and impact of the programme.
- **COMMUNITY NEEDS ASSESMENT** – Household surveys were conducted to gather information on water sources, water treatment practices, and the incidence of waterborne diseases in a small town called Soranchery in India. Water samples were collected from various points in the community water distribution system to assess the presence of bacterial contamination. Provided recommendation to ensure chlorination of water sources.
- **HEALTH EDUCATION PROGRAMME** - Taught the importance and demonstrated handwashing technique to 4th grade kids in a school in Chennai, India.
- **JOURNAL CRITIQUE** – Presented a journal critique on a selected published article (Title: Blood component transfusion in a Tertiary Care Hospital)

LEADERSHIP AND MANAGEMENT

- **YOUTH RED CROSS TEAM VICE PRESIDENT (2023 – 2024)**
 - Conducted 2 blood donation camps at Tamil Nadu Government Super Specialty Hospital

- Organised health camps at old age homes – Sri Sathya Sai Charitable trust
- Conducted a comprehensive eye camp at Kilpauk Medical College

TEACHING EXPERIENCE

- Conducted a seminar for 3rd year MBBS students on Genetics and Health – December 2023
- Conducted a seminar on adult immunisation.

IT SKILLS

I am competent in Windows Operating systems, Microsoft Word, Excel, PowerPoint and AI tools.

PERSONAL QUALITIES

Patient centred, acting with honesty and integrity and being open. Working in partnership with patients and colleagues to create an environment that is compassionate and supportive. Treating patients with dignity and respect. Willing to share my skills and knowledge with colleagues. Eager to keep learning in the field of medicine and ensure continuous professional development.
