Web Technologies	:	ASP.NET Web Forms, MVC, JavaScript, jQuery, AJAX, Angular 17.
Frameworks	:	.NET Framework 2.0–4.8, .NET Core 3.1, .NET 6–8
Databases	:	Microsoft SQL Server, Oracle, MySQL, PostgreSQL, NoSQL.
Tools & IDEs	:	Visual Studio, VS Code, SSMS, Crystal Reports.
Other Skills	:	LINQ, ADO.NET, Entity Framework, Stored Proc.
Version Control	:	Git, SVN

PROFESSIONAL EXPERIENCE

1. Frontier Lifeline Hospital, Mogappair, Chennai

IT Executive | *Mar 2008 – Jul 2012*

- Supported and developed Hospital Management System (HMS) built in VB6, VB.NET, and SQL Server.
- Developed and maintained Windows-based applications.
- Handled database administration, data backup, and query optimization.
- Managed and monitored SQL Server databases for high availability and performance.
- Designed project concepts and maintained optimal development workflows.

2. MIOT Hospital, Porur, Chennai

Programmer | *Jan 2012 – Jan 2014*

- Enhanced and supported HMS built using VB6 and Oracle 10G.
 - Developed and maintained Windows-based applications.
 - Collaborated with department users to analyse requirements and streamline hospital processes.
-

3. VASS Software Solutions, St. Thomas Mount, Chennai

Software Developer | Feb 2014 – Feb 2015

- Developed and supported ASP.NET, C#, and SQL Server based Hospital Management Systems.
 - Involved in onsite application development and client interaction.
 - Implemented business logic and performed application debugging and deployment.
-

4. Industrial Controls and Devices, Maduravoyal, Chennai

Application Developer | Mar 2015 – Apr 2016

- Developed and supported Energy Management System (EMS) using ASP.NET, C#, VB.NET, and SQL Server.
 - Designed interfaces for energy meter data integration and monitoring.
 - Calculated and visualized energy consumption data using charts and graphical dashboards.
 - Provided onsite development and client support.
-

5. Superior Innovative Tech, T. Nagar, Chennai

Senior Software Developer | Apr 2016 – Jul 2017

- Supported and developed product-based applications using ASP.NET, Entity Framework, MVC, Web Services, API, VB.NET, and Oracle.
 - Worked on claims and pension scheme software for US-based clients.
 - Collaborated with stakeholders to gather requirements and ensure project alignment with business goals.
-

6. Botree Software Solutions, Egmore, Chennai

Senior Associate | Jul 2017 – Jun 2023

- Supported and developed product-based applications built in VB6, C#, VB.NET, and SQL Server.
 - Provided L2 support for distributor-end modules and handled application deployment.
 - Gained strong experience in SQL Server query optimization and troubleshooting.
 - Conducted regular testing, debugging, and maintenance of critical systems.
-

7. Gulf Asia Contracting, Kosmo One, Ambattur, Chennai

Senior Developer – IT | Jun 2023 – Jul 2025

- Developed and maintained construction management applications using ASP.NET, VB.NET, jQuery, Ajax, Web Service and SQL Server.
 - Delivered web solutions for multi-client projects in the Middle East.
 - Built high-quality, responsive frontend and backend components ensuring scalability and performance.
-

Education

- **MCA** from University of Madras, Distance Education, Chennai 2011.
 - **B.Sc** (Mathematics) - Regular, The New College, Chennai 2002.
-

CERTIFICATIONS

- Impact Course – SSI Chennai.
- Azure Administrator – Besant Technologies, Chennai.
- Dot Net Core and Angular – Hope Tutors.
- Laptop Technician – ICFIX Training Centre, Chennai.

PROJECT HIGHLIGHTS

- **Hospital Management System:** Complete end-to-end HMS including OP, Billing, Front-Office, Pharmacy, Cafeteria, Appointment, Operation Theatre and IP using VB6, VB.Net, SQL 2008. Report Crystal Report 8.5 and RDLC used.
- **Energy Management System:** Developed and Maintained EMS based on client request connecting Electrical Meter reading with SCADA/C# Application. Dashboard and Connection Online Monitoring for Electrical Equipment's in VB6, VB.NET, C#, ASP.Net with SQL and MySQL backend, handling continuous absence logic via stored procedures. Report Crystal Report 11 used.
- **Insurance Management System:** Maintained and Developed Insurance Management System Modules like Pension and Claim management build in ASP.Net MVC, Web Service, API and backend Oracle. US Employee claim their wages this application and Pension details. RDLC used.
- **Distributor Management System:** Supported and Developed product-based applications built in VB6, C#, VB.NET, and SQL Server. Company has standalone web-based application with ASP.Net and Distributor End VB6, Vb.net Windows application. Report Crystal Report 13 used.
- **Construction Management System [TrooNote]:** TrooNote a construction Management System build for Construction company. Using Asp.Net Framework 4.8 for UI, jQuery Ajax for client-side scripting, Web service for database connectivity and data retrieval used in reports and data grids. Backend SQL Server 2014. Hr-Payroll, Liaison, Electrical and DPR modules. Everything generated in PDF as well as Excel user can view the report generate it in PDF or Excel. Civil Management System – Users can add and change the utility used for construction and manhours for completing the work. Using .Net Core for UI, jQuery Ajax for client-side scripting, Web service for database connectivity and data retrieval used in reports and data grids.
- **Legacy Application Migration:** Converted multiple VB6 forms and reports to Dot Net Application + Bootstrap, improving maintainability and UI consistency.
- **Inventory Management:** Inhouse development build in Angular 17 and .net core 8 For Purchase and Stock Management.

PERSONAL DETAILS

- **Languages Known:** English, Tamil
- **Notice Period:** Immediate / Negotiable.
