

DR. PRERANA M. HIEMATH

AYURVEDA PHYSICIAN

MBA – HOSPITAL & HEALTHCARE MANAGEMENT

PROFESSIONAL OVERVIEW

Ayurveda physician (BAMS) pursuing an MBA in Hospital & Healthcare Management, with firsthand clinical and hospital-operations experience across OPD/IPD care, Panchakarma, and process-improvement projects. Seeking a role in hospital operations, healthcare administration, or quality/patient-experience management where clinical insight and management training can drive efficient, patient-centred care.

WORK EXPERIENCE

Summer Internship Programme (SIP) – Operations Department |

Noble Hospital, Pune

Mar 2026 – Jun 2026

- Studied end-to-end patient flow across OPD, IPD, and diagnostics with the Operations team, finding bottlenecks affecting turnaround time (TAT).
- Analysed bed occupancy, discharge TAT, and resource utilisation data to support process-improvement recommendations.
- Coordinated between clinical departments, front-office, billing, and support services to streamline daily hospital workflow.
- Documented Standard Operating Procedures (SOPs) for admission, discharge, and inter-departmental handover.
- Helped with staff scheduling, inventory/resource tracking, and quality & compliance checks under the Operations Manager.
- Contributed to reports and presentations summarising operational findings for hospital management.

Clinical Intern (Compulsory Rotatory Internship) |

SDM College of Ayurveda & Hospital, Udupi

Sep 2024 – Sep 2025

- Conducted OPD/IPD case-taking, clinical examination, treatment planning, and medical documentation under consultant supervision.
- Helped in Panchakarma procedures, patient preparation, after-care support, and treatment follow-up.
- Managed patient counselling, progress monitoring, discharge summaries, and medical record accuracy.
- Rotated through Kayachikitsa, Panchakarma, Shalya, Shalakya, Prasuti & Striroga, Kaumarabhritya, Agadatantra, Swasthavritta & Yoga, OPD/IPD, and Emergency Unit.

Part-Time Clinical Assistant | Ayurdham Clinic, Dharwad

Jan 2025 – Oct 2025

- Aided physicians during OPD consultations, case-history collection, patient counselling, and treatment guidance.
- Coordinated outpatient workflow, appointment scheduling, medicine dispensing, and patient query handling.
- Ensured smooth clinic functioning and enhanced patient satisfaction through empathetic, service-oriented care.
