PROFESSIONAL SUMMARY

Results-driven Healthcare Management professional with a PGDM in Hospital Management and a clinical background as a certified Anesthesia and OT Technologist. Skilled in hospital quality audits, NABH accreditation documentation, infection control, and patient safety protocols. Demonstrated ability to bridge clinical knowledge with administrative and operational expertise to drive compliance, regulatory readiness, and quality improvement outcomes. Seeking to contribute to a high-performance healthcare organization in a hospital operations or quality management role.

CORE COMPETENCIES

Hospital Quality Audits	NABH Accreditation	Patient Safety Protocols
Infection Control & Compliance	Hospital Operations Management	SOP Development & Implementation
Patient Flow Optimization	Health Economics & Budgeting	OT & Anaesthesia Operations
Healthcare Data Analysis	Stakeholder Communication	IT-Enabled Healthcare Delivery

PROFESSIONAL EXPERIENCE

Quality Management Intern | *Madhusudan Sai Hospital, Bangalore, Karnataka* Apr 2026 – Jul 2026

- Conducted systematic quality audits across 6+ departments, identifying 15+ compliance gaps and implementing corrective actions aligned with NABH accreditation standards.
- Monitored adherence to patient safety protocols, incident reporting systems, and risk management frameworks, contributing to a measurable reduction in clinical errors.
- Developed and maintained accreditation documentation including SOPs, quality manuals, and audit reports to support hospital accreditation readiness.
- Collaborated with department heads and clinical staff to drive continuous quality improvement initiatives and ensure ongoing regulatory compliance.
- Initiated Quality Improvement Projects (QIPs) targeting OT infection control, first-case start time delays, crash cart completeness, and post-operative monitoring gaps.

IT & Healthcare Intern | *Livo Aarogya Aadhar Pvt Ltd, Bangalore, Karnataka* Feb 2026 – May 2026

- Led UI/UX testing initiatives that improved platform efficiency, reduced database loading times, and enhanced patient verification delivery metrics.
- Performed structured data verification and quality checks to ensure accuracy and integrity of patient health records on the digital healthcare platform.
- Gained cross-functional exposure to IT-enabled healthcare delivery, health data management, and digital patient record systems.

Clinical Intern — Anaesthesia & OT | *Vydehi Institute of Medical Sciences & Research Centre, Bangalore, Karnataka*
2024 – 2025

- Assisted in preparation, sterilization, and maintenance of operating theatres across 200+ surgical procedures spanning general surgery, orthopaedics, CTVS, and urology.
- Maintained accurate patient records and documented anaesthesia procedures in compliance with clinical and regulatory standards.
- Supported senior anaesthesiologists and OT staff in patient vitals monitoring, equipment setup, and post-operative care coordination.
