- Clinical Research Fundamentals
- Scientific Literature Review
- Evidence-Based Medicine
- Medical Terminology
- Scientific Communication
- Cross-Functional Collaboration
- Analytical & Critical Thinking
- Microsoft Excel, Word & PowerPoint

PROFESSIONAL EXPERIENCE

MEDICAL CONTENT WRITER

LASARKAALI LIFE SCIENCES PRIVATE LIMITED (*Hetafu*)

10/2025 – Present
Hyderabad

- Developed 30+ evidence-based HCP presentations, clinical summaries, blogs, and scientific communication materials through literature reviews using PubMed and Scopus.
- Translated complex clinical and biomedical data into clear, evidence-based content for healthcare professionals.
- Reviewed 20+ educational and promotional materials to ensure scientific accuracy, regulatory compliance, and consistency with clinical evidence.
- Collaborated with cross-functional teams to ensure accuracy and consistency of scientific messaging
- Reviewed and interpreted published clinical trial data, safety findings, adverse event information, and peer-reviewed literature to evaluate study design, efficacy outcomes, benefit-risk profile, and clinical relevance for evidence-based scientific communications.
- Presented scientific evidence at conferences and addressed healthcare professional queries on mechanisms of action and treatment outcomes.

MEDICAL CONTENT DEVELOPER

DOCTUTORIALS EDUTECH PRIVATE LIMITED

01/2025 – 10/2025
Hyderabad

- Developed 100+ medical education modules across Oncology, Pathology, Hematology, and Obstetrics & Gynecology by synthesizing clinical evidence from systematic literature review; modules reached 20,000+ healthcare professionals nationally.
- Collaborated with 10+ Subject Matter Experts (SMEs) and clinical specialists to validate scientific accuracy, verify evidence claims against source documentation, and ensure alignment with current clinical guidelines and NMC standards.

- Performed quality assurance review of 50+ medical scripts, visual aids, and educational content across specialties, reducing revision cycles and ensuring compliance with quality standards.

JUNIOR DENTIST

03/2023 – 03/2024
Hyderabad

Jodent Multispecialty Dental Clinic and Implant Center

- Managed 100+ patient cases involving diagnostic assessment, treatment planning, clinical decision-making, and structured medical documentation in accordance with clinical protocols and evidence-based guidelines.
- Educated patients and families on disease mechanisms, treatment options, risks, and expected clinical outcomes, translating complex medical information into clear, patient-friendly communication.
- Maintained accurate clinical records and case documentation, strengthening attention to detail, data integrity, and healthcare compliance practices relevant to clinical research and pharmacovigilance.

EDUCATION

Advanced Diploma in Clinical Research

07/2024 – 12/2024

Coursework: Clinical Trial Design & Operations | Regulatory Affairs (CDSCO/ICH-GCP) | Pharmacovigilance | Adverse Event reporting | Clinical Data Management | Ethics in Clinical Research

Bachelor of Dental Surgery (BDS)

08/2018 – 04/2024
Sangareddy

MNR DENTAL COLLEGE AND HOSPITAL

SKILLS

Pharmacovigilance

Pharmacovigilance Fundamentals, Drug Safety, Safety Surveillance, Literature Monitoring, Clinical Trial Data Review, Adverse Event Awareness, Safety Signal Identification (Literature-Based), Benefit-Risk Assessment, Risk Assessment, Regulatory Compliance, ICH-GCP.

Regulatory

CDSCO, FDA, EMA, MHRA.

Literature & Research

PubMed, Scopus, Google Scholar, Scientific Literature Review, Critical Appraisal, Evidence Synthesis.

Scientific Communication

Medical Writing, Scientific Presentations, Clinical Summaries, Scientific Communications, HCP Education

Tools

Microsoft Excel, Microsoft Word, Microsoft PowerPoint

CERTIFICATIONS

- Good Clinical Practice (GCP) Certification - 12/2024
- Dental license - Telangana State Dental Council (Active)

SCIENTIFIC PRESENTATIONS & CONGRESS PARTICIPATION

IDA Annual Conference (2022):

Presented original peer-reviewed clinical research on Stem Cells from Human Exfoliated Deciduous Teeth, demonstrating literature review, evidence synthesis, scientific presentation, and research communication skills.
