PROFESSIONAL SUMMARY

Senior Physician Assistant with 18+ years of progressive healthcare experience specializing in Surgical Oncology, Surgical Gastroenterology, and transplant coordination. Skilled in providing hands-on support in Robot & Laparoscopic surgeries and open surgeries, performing all types of biopsy procedures (true cut, core, and veg), and delivering comprehensive post-operative patient care. Proven ability to collaborate with surgical teams across multidisciplinary settings to drive optimal patient outcomes, with additional expertise in organ transplantation, donor management, and operation theater management.

WORK EXPERIENCE

Surgical Oncology Physician Assistant | Apollo Hospital, Health City, Visakhapatnam |

April 2024 – Present

- Provide direct support in Robot & Laparoscopic surgeries and open surgeries, collaborating with surgical teams to ensure procedural accuracy and patient safety across [N] cases per month.
- Perform all types of biopsy procedures — true cut, core, and veg — contributing to timely oncological diagnosis and treatment planning for [N] patients.
- Deliver structured post-operative care and conduct follow-up procedures, supporting recovery outcomes for surgical oncology patients including cancer survivors.
- Coordinate care for cancer survivors, providing clinical and psychosocial support to improve quality of life following surgical intervention.
- Maintain accurate documentation of surgical cases, post-operative notes, and follow-up records in compliance with hospital protocols.

Surgical Gastro Physician Assistant & Coordinator | Medicover Hospital, Venkojipalem,

Visakhapatnam | August 2021 – February 2024

- Supported a high volume of Robot & Laparoscopic and open surgical procedures within the gastroenterology unit, working closely with surgical teams to maintain sterile technique and workflow efficiency.
- Performed true cut, core, and veg biopsies to aid in gastrointestinal diagnosis, contributing to timely pathology turnaround for [N] patients.
- Delivered post-operative care and managed follow-up procedures, ensuring continuity of care and early identification of complications.
- Coordinated departmental scheduling and patient flow, reducing procedural delays and improving surgical team preparedness.
- Provided compassionate support and education to cancer survivors throughout their recovery and survivorship journey.

**P.R.E (General Operation Theatre) | Seven Hills Healthcare Pvt Ltd, Visakhapatnam |
January 2008 – August 2021**

- Managed operation theatre scheduling, workflow coordination, and OT team management across a busy multi-speciality hospital over 13 years.
- Oversaw equipment and instrument management, documentation, records maintenance, and waste management to meet hospital compliance standards.
- Supported surgical teams in theatre readiness, ensuring instruments and supplies were prepared and available for each case.
