Work Experience

Pharmacy Incharge

Medway Hospital	Oct 2025 - Current Chennai, TN
• Oversee daily pharmacy operations, balancing prescription processing, dispensing, and patient support throughout the shift. • Monitor inventory levels and coordinate replenishment to maintain steady medication availability for hospital needs. • Review prescriptions for dosage concerns, interactions, and completeness before medication release. • Support NABH compliance by maintaining pharmacy records, documentation, and routine operational checks.	

Store Manager

Sims Hospital & institute of medical services	Jun 2025 - Sep 2025 Chennai, TN
• Processed 75 prescription orders daily while maintaining accurate medication dispensing and patient handoff documentation. • Managed pharmacy inventory control using Excel to track stock levels, flag shortages, and support timely replenishment.	

- Provided patient counseling on medication use, dosage instructions, and safe administration in a hospital setting.
- Supported hospital pharmacy operations by coordinating dispensing workflows and maintaining Windows-based records.

Pharmacy Manager

Sri Balaji hospital

May 2024 - May 2025

Chennai

- Support 100% medication inventory accuracy through routine stock checks and replenishment tracking.
- Process 60 prescriptions daily while verifying accuracy and timely patient dispensing.
- Dispense medications accurately and counsel patients on dosage, timing, and safe use.
- Screen prescriptions for drug interactions and escalate concerns before medicines reach patients.
- Maintain pharmacy stock levels, rotate near-expiry items, and support regular inventory reconciliation.
- Handle hospital pharmacy operations, pharmacovigilance reporting, and NABH compliance documentation in Excel.

Senior Pharmacist

Rattari Kumaran hospital

Dec 2023 - Apr 2024

Chennai

- Counseled 30 patients weekly on medication use, dosage instructions, and safe administration.
- Processed 60 prescriptions per shift while supporting accurate dispensing and timely patient service.
- Managed medication inventory control and updated stock records in Excel to support availability and reorder tracking.
- Screened prescriptions for drug interactions and flagged concerns before dispensing to reduce medication risk.
- Supported hospital pharmacy operations through NABH compliance checks, pharmacovigilance reporting, and daily dispensing workflows.

Pharmacist

Apollo pharmacy

Jan 2020 - Nov 2023

Tenkasi

- Dispensed 300 medication orders per shift with careful labeling, patient guidance, and stock coordination.
- Processed 70 prescriptions daily while maintaining accurate records and timely service at Apollo Pharmacy.
- Managed prescription processing, medication dispensing, and patient counseling for a four-year tenure at Apollo Pharmacy.
- Monitored pharmacy inventory control, tracked stock levels in Excel, and supported replenishment for essential medicines.

Territory Marketing Executive

Theia Health Care

Oct 2017 - Nov 2019

Chennai

- Tracked 35 customer interactions weekly to maintain regular communication with clinics, pharmacies, and other accounts.
- Managed 3 field visits per month across assigned territory to support healthcare outreach and follow-up.
- Built relationships with healthcare accounts and coordinated product discussions to support territory growth.
- Prepared Excel-based updates for territory activity, follow-ups, and reporting.
- Coordinated with internal teams to resolve account queries and keep schedules aligned.
